John Gray and Bob Chadbourne representing P. H. Chadbourne and Co., and Les Otten representing Sunday River Skiway were present to discuss the Board's decision not to sell winter sand. Both businesses have purchased winter sand from the Town in the past. Messrs. Gray, Otten and Chadbourne expressed objections to the decision and stated that a lack of communication may have created some problems that neither were aware of. The Board voted to reconsider the issue at a special meeting scheduled for Wednesday of this week. (On Wednesday evening the Selectmen reconsidered their prior action and voted to make winter sand available to the Sunday River Skiway, P. H. Chadbourne and Co., and other local contractors.)

The updated General Assistance Rules and Regulations were approved.

Maine Voters Face 10 Issues on Ballot Tuesday, Nov. 3

On Tuesday, Nov. 3, Maine voters will be asked to render decisions on one initiated referendum question, six referendum questions concerning bond issues, and three amendments to the State constitution.

The initiated question is listed on the ballot as the "Maine Energy Commission Question". If approved by the voters, the Energy Commission would eliminate both the Public Utilities Commission and the Office of Energy Resources. Also eliminated would be the Office of Public Advocate. Members of the Energy Commission would be elected, instead of being appointed by the Governor as are members of the PUC. One member would be elected statewide, with one elected from each of the state's two Congressional districts. Terms of office would be four years. Public utilities and other entities regulated by the Federal Power Act and certain state statutes would be forbidden from making contributions to commissioner election campaigns. An Energy Commission would assume the rate-setting functions now performed by the PUC.

If approved, the Energy Commission would establish a "State Energy Budget" to emphasize the development of renewable energy resources and to encourage conservation. The budget would be approved by two-thirds of the Legislature. The budget, which would be a comprehensive energy plan, including a determination of priorities for the financing of projects by the Energy Development Fund and would guide the Commission in making decisions concerning rates and construction requirements.

The six referendum questions concern the following bond questions: (1) \$33,300,000 for agricultural and economic development, including airport improvements, port facilities which may be made continued on Page Eight

There isn't much to write about this week. Doris Hayes and I went to Louvie Coffin's on Thursday where we met with Lyndell Farr, Lettie Brooks, Doris Slattery and Dorothy Ross. Dot leaves for Florida this coming week.

Mr. and Mrs. Pat DiArenzo returned to their home in Springfield, Pa., on Saturday after spending the summer here.

I saw a beautiful cardinal late Sunday in my yard. He is the first I have ever seen here.

Autumn writes its stories in many ways and today a sound from the sky, a deep gobble and clamor, again a flock of geese heading on over the hills until only the faint and haunting sound remained.

One morning we awoke to a white lawn, snow! It rested on the colored leaves and spread itself like diamonds until the sun took it away.

Today we set our clocks back and we are told we are changing time. But are we? The sun rose unchanged and set the same way. So by changing the clock we are not changing time, the only change was the position of the hands on the ticking machine.

Letters to the Editor

To the Editor: October 26, 1981

Roger Mallard's Letter to the Editor in last week's Citizen was probably the most accurate and concise portrayal to date of the proposed foolishness known as the Maine Energy Commission. The Maine voter is far too smart to approve the creation of this monster. It deserves a NO vote and I sincerely believe it will receive that NO vote from the people of Maine.

There is another question presented to the voters that also deserves a NO vote. It is local in nature and deals with the Bethel Water District. Some months ago our town fathers, in their infinite wisdom, requested certain changes in the Charter of the Bethel Water District. This action, by law, had to come from the Legislature. This request was sent to the Legislature over the objections of citizens and trustees. There are those who would have you believe that this was forced on us by the Legislature. This is simply not true. It was authorized locally and exported to Augusta from whence cometh wisdom, knowledge and guidance in such abundance that it boggles the mind. Our town fathers acted, the Legislature reacted, and now we, the voters, have our chance to say NO to higher expenses and, quite possibly, poorer management.

The old Charter limited the salary of a trustee to \$200 per year. The amended Charter removes this ceiling. The old Charter provided for three appointed Trustees. The proposed change increases this to five elected Trustees. Who pays for these extra Trustees? You, the customers of the Bethel Water District. Who pays for the costs of electing these Trustees? You, the taxpayers of Bethel. This may be oversimplified, but the bottom line is the same. It will cost us money! In this day and age of inflation, recession and tight money we simply do not need anyone dipping into our wallets for more money to support such nonsense. I urge you to vote NO on this question next Tuesday and send this message to local government, loud and clear. A NO vote to the Bethel Water District Charter Amendment question is a vote to keep a little bit more of your own money. If you don't know or don't care, then heed the words of one often quoted, much wiser than I: "If I don't know, I vote NO; and it saves me money every time."

This is my first ever, and hopefully last, Letter to the Editor. I thank you for listening me out and do VOTE next Tuesday. Your voice will be heard.

Sincerely,
John B. Head

SCHOOL FLUORIDE PROGRAM

Once again this year, S.A.D. #44's elementary school population is involved in a school dental health program. One important aspect of this program is the fluoride tablet and rinse program. This program is completely free to students, but concerns are that there is too large a percentage not taking advantage of these programs.

There isn't a student in the district who wouldn't benefit by possibly cutting their dental decay rate by 35-45% with a weekly rinse of fluoride over their elementary school years. "Swishing" a fluoride solution in the child's mouth for one minute once a week—what a simple way for a parent to try to reduce dental bills and a child to save his teeth!

And if you chew a fluoride tablet daily at school—also free—you might add another 25-30% saving on decay a year to that—think about it!

Is your child signed up for the programs? Did you sign and return the permission slip to your child's teacher? It's not too late to start! And continue each year so that you insure your child's good health. You could see up to a 60% reduction in dental decay over a few years, and that's certainly worth taking advantage of. Put this fluoride program together with good eating and care at home, and you're on the life-long road to good oral health. Send that signed permission to school today so you don't miss out!

CARD OF THANKS

To my neighbors and friends, to Rumford Hospital and especially to the B.E.A.R.S., my boundless thanks. More specifics next week.

CRAFTS FAIR AT LOCKE MILLS

THE "Christmas in October" Craft Fair held at the American Legion Hall, Locke Mills, Oct. 29, was a huge success. By 9 a.m. 24 different arts and crafts had been set up and arranged in the large room. There were some unusual ones like the gravestone rubbings, by Wiles of Mystic, Conn., the wood chip carving by Bob Morin of Berlin, N.H. There were the oil paintings by Helen Morton, Joyce Hathaway and Nadja Bolo. There were beads, ceramics, knitting, dolls, puppets, sea shells, natural foods, baked goods, lamps and so much more—one wishes they had more money to spend for Christmas. The children's table was busy all day.

The beef stew dinner went well as did the doughnuts and coffee all morning.

Cleveland Lovejoy gave the place a cheery sound by his music on the organ. He was joined at times by his daughters, Ellen and Dorothy, at the piano.

Dinner committee was Tyrene Lovejoy and Carmen Bartlett; President Sylvia Dunham and Sec-

Cindy Blake will have the November meeting at her home and popcorn balls will be made for the sale. Mary Doon will have devotion. It was voted to send Christmas gifts again this year to the Augusta State Hospital. If possible, bring them to the next meeting. Delicious refreshments were served by the hostess.

retary Cathryn Lovejoy had charge of the tables; Mary Lyon tended the baked goods table; Grace Smith took charge of the children's table; Vera Cross was in the kitchen. Legionnaires helping were Eldon Bartlett, Alanson Cummings, Everett Cross, Guy Smith and Warren Smith.

20:15—the second death.

Yet, the world goes on making trouble for itself—even today as men of war gather near the "Promised Land"—uttering threats—some championing the cause of Christ much as David did against the Philistines when he slew Goliath who cursed God's people.—Sam. 17:32.

Bible prophecy being fulfilled—Proverbs 16: "The Lord works out everything for His own ends, even the wicked for a day of disaster."

"In his heart a man plans his course—but the Lord determines his steps"—"For of Him and through Him, and to Him, are all things: To whom be glory forever."—Rom. 11:36.

God loves us—hates what we do—and is willing to bring us into a heaven bound direction "If we confess our sins and acknowledge Him as Lord of our lives" to be saved—to accept the promise of salvation! Salvation is found in no one else, for there is no other name under heaven given to men by which we might be saved Acts 4:12, Jesus Christ. DANCE CONCERT AT GOULD SATURDAY, NOV. 7

On Saturday evening, Nov. 7, the second in the series "Programs in the Humanities and Sciences" at Gould Academy will be held at 7:30 in Bingham Hall Auditorium. Maria Jämsa Lasansky will be featured in a dance concert that includes poetry readings by Burton deFrees.

Mrs. Lasansky is a well known dancer, choreographer and educator whose career has taken her from New York City to South and Central America and to the coast of Maine where she now lives and works. She began her studies at the Juilliard School of music with Jose Limon, members of the Martha Graham Company and Elizabeth Keen. Further training included the American Ballet Center and in 1979 she completed her master's degree in Dance in Education.

She worked extensively in Bolivia and Costa Rica returning to the states as an artist in residence throughout New England. Currently she is a part-time assistant professor of dance at the University of Maine at Augusta and teaches classes year-round at her studio in Rockport.

Burton deFrees lives in Rumford Center, having retired from a long career as an English teacher in the Rumford system. He currently operates his own Educational Consulting Service and has appeared often with Mrs. Lasansky.

This program is open to the public at no charge and all who are interested in dance and poetry should make every effort to attend.

HISTORIC PRESERVATION COMMISSION ANNOUNCES TWO NEW PUBLICATIONS

Two new publications are available from the Maine Historic Preservation Commission, Director Earle G. Shettleworth has announced.

He listed them as: The Forts of Maine, 1607-1945: An archaeological and historical survey by Dr. Robert Bradley, and the Maine State House—a brief history and guide by Earle G. Shettleworth and Frank A. Beard.

In his work on Maine forts, Dr. Bradley, historical archaeologist for the Commission, traces Maine's military architecture from the beginning of European settlement to World War II. All major fortifications are described in detail and historical events cited to explain why, where and when forts were built in Maine. The booklet contains photos of forts described in the text.

The second booklet contains an abbreviated history of the building of the Maine State House and a self guided tour of the building with floor plans and key points of interest on each floor. It is extensively illustrated with interior and exterior scenes and photos of architects who contributed to designing various parts of the structure.

Both booklets are available free on a one copy per person basis from the Maine Historic Preservation Commission, 55 Capitol Street, State House Station 65, Augusta 04333. Shettleworth stressed that the Maine fort booklet will be available for a very limited time only.

Upton

— Mrs. Arline Bernier, Corres. —

Saturday morning we were treated to a white world as three or four inches of snow had fallen. The small hardwoods bent over the road with their emerald robes and the beautiful rust-colored tamaracs and deep green spruce and fir trees enhanced and made more vivid by the glistening white cover. Small brush was covered with puffy balls of snow blossoms. Below the notch the world was again brown and drear.

Bob Folsom was at his camp during the week end as he was working in the area.

Arline Bernier had a table at the Craft fair in the American Legion Hall in Locke Mills. It was a very enjoyable day as she met old friends and made new acquaintances.

Clayton Thompson has spent time at his camp and visited his father in the hospital.

We had a lot of rain lately—and although the snow was beautiful, if this moisture were all white, you might not have heard from me until late spring.

North Paris

—Eveline B. Vatcher, Corres.—

It has been a long day on snow and I for one do not like it. The temperature was only 15° above this morning so the apples that were not picked must have had a cold bed. We think of what is coming just around the corner. The West Paris fire department was in our hamlet at 4 a. m. Saturday morning for a fire at the home of Mrs. Leone Yeaton and Lucius Newton due to faulty wiring. From the outside it looks like a total loss, just a shell.

Larry Loster, Gorham, N. H., came early Wednesday morning to tell Root and Doris Lawrence that Root's brother, Wilbur, of Gorham, was not in good health due to the flu and two weeks of hicups.

Eveline Barrett Vatcher has sold her house and property on the Moss Hill road to Mr. and Mrs. Leslie Bailey, of the East Bethel Road, and they moved in on Sunday and they had a good crew to help them. I hope they will be happy in our little village. I am still at North Paris, just around the corner.

Mr. and Mrs. Robert Anderson, David, Mr. and Mrs. Mike Fucare, Burlington, Mass., spent the week end at their trailer and the menfolk joined Joe Vatcher on a rabbit hunt Saturday. They also gathered mushrooms.

Several from here attended the West Sumner Firemen's booster supper, Saturday.

Mrs. Nancy Mason was collecting for Cystic Fibrosis one evening.

Callers at Lawrences: Arthur Coffin Jr., Patricia Bean, Robert Coffin, Nancy Mason, Heather, Jeanne Millett, Eveline and Joe Vatcher, Henriette Morse, Arlene Abbott and daughter, Peggy Maroux. Thursday Root went to Portland to get parts for Charlie Coffin's truck.

Harold and Joe Vatcher have bought a steer from Walter Cornell.

A Halloween party will be held at the Community Hall on Oct. 30, for the 4-H Club. Hope the weather is above freezing, no stove there yet.

Harlan Abbott, Dick Bean, Roger Benson, Sayward Lamb, and Joe Vatcher will go to Moosehead Lake for a week of hunting on Oct. 31. The season opens a week early in Moosehead. They are taking a bushel of apples for the bear. He may need more than apples to fill him up.

Nov. 3 is a voting day. Hope everyone votes right.

The ball games suit me fine.

Miss Peggy Morin was home Wednesday with her mother, Mary Morin.

Mrs. Peggy Blake and Mrs. Laura Hutchins gave Bryce and Barbara Yates a surprise 25th wedding anniversary party. They had a beautiful cake made by Peggy Blake. There were all kinds of bars, cookies, punch and coffee. There were about 50 present to help them celebrate.

Bonnie Dennis was home from Portland for the week end.

Mrs. Nancy Kimball and girls called on Mary Morin recently.

Mr. and Mrs. David Fleet attended the 25th wedding anniversary of Mr. and Mrs. Richard Onofrio at their camp on Norway Lake.

Mr. and Mrs. Bryce Yates had brunch with Mr. and Mrs. Jack Dennis on Sunday.

David Fleet was in Portland to get parts for a truck Friday. He called on his uncle, Miles Brooks, and found him doing real well.

Sent in by Eva Yates:
Another week gone by. We have had rain, snow, wind and sunshine. Halloween is getting closer each day and then it's Thanksgiving. Time does fly. Seems like every time I go somewhere someone tells me how they look for my foolish spels each week. If I can give some pleasure to people far and near I am glad. It's been a rainy old day here and the weatherman says rain, drizzle, and fog night and day until Thursday. How cheerful. We had to push the clocks back so it gets dark soon after dinner. Whoever thought up this Daylight Savings should be hung up by their heels and left to flap in the wind and dry. Then smash him up for chicken feed. The men came and they dug the ditch and laid the new water pipe with the help of Bryce and Joe. There is still more work to do on the job and it would be nice if it did not rain all the week.

Sunday was a great day for the Bryce Yates'. On Oct. 20 25 years ago they decided they could put up with each other so were married. Sunday, they were asked to come up to neighbor Denisses for a late brunch and away they went. Then sisters Laura and Peggy drove into the Yates' yard and set to work so when Jack and Nancy decided to take Mr. and Mrs. B. H. for a surprise ride back to their own home—they found people already there and more coming. It was a complete surprise. Over 50 friends arrived to wish them years of happiness and to kiss the groom. I think he fared better that way than the bride. A beautiful wedding cake made by Peggy Blake had a table all by itself. There were lots of cards and a money tree and a gift of a guest book for the special occasion. Refreshments were there in abundance for self-service. One couple came from Massachusetts—a four hour drive but had to go right back. All hands had a good time, and left warm wishes for lots more years.

Tuesday, Joe and Eva were in

Newry

—Miss Amy Hanscom, Corres.—

The Selectmen met Monday morning. The warrant for the November election was signed. The polls will open at 10 a. m. and close at 8 p. m. Reinvestment of surplus funds was discussed, but no decision was made. Also discussed was the formula for distributing education costs among the towns in School Administrative Districts. It was felt that Newry and Greenwood should continue to work for a change to a 50% per pupil/50% State Valuation formula, instead of the present straight State Valuation method, either in the District, or through an act of the Legislature.

A public hearing was held at Sunday River Inn at 7 p. m., Oct. 19 on a liquor license for D. W. & G., Inc. The corporation is building a restaurant and lounge on the former Base Camp property. The building will also have six guest rooms and the restaurant will have a seating capacity of 50. It is expected that the building will be closed in by Nov. 1, and open for business in December.

The hearing was attended by Selectmen Roger E. Hanscom, William A. Wright and Stephen W. Wright, and Gordon Gillies, clerk and attorney for the corporation. No one appeared in opposition to the license, so the application was signed by the Selectmen. It was announced that the corporation plans to hire local help, if available.

The Selectmen have done some advance work on the Annual Town Report. Deadline for submitting articles for the Town Meeting Warrant is Dec. 31.

The Newry Ladies Group of the Extension met at the home of Marjorie Cummings, Oct. 21, with all members present. The subject was Crafts. Each one made Christmas ornaments. The next meeting will be at the home of Doris Fraser Nov. 18. The subject will be Foreign Relations. A foreign country will be studied.

The Ladies Circle will meet at the home of Eleanor Monton, Nov. 2, at 7:30 p. m.

Ryan Weymouth, Dover-Foxcroft, visited his grandparents, Mr. and Mrs. Willard Wright, last week.

Mrs. Susan Bowie, Jennifer and Christopher, Augusta, were week end guests of her parents, Mr. and Mrs. F. Owen Wright.

Mrs. Ida Powers was guest of honor at a supper party Saturday evening at the home of Mr. and Mrs. Stephen Powers and Miranda, honoring her birthday. Other guests were Warren Powers and Mr. and Mrs. Timothy Powers. The birthday cake was made and decorated by Sandra Powers. "Without Farewell"

We'll meet again someday I know... beyond the distant blue... but until then my dearest one... I'll always think of you... when you departed from this life... the blow was so severe... that deep inside my aching heart... there falls an endless tear... for you could not bid me goodbye... before you went away... and there were no ardent farewells... that you or I could say... I live with thoughts of you... and all you meant to me... and sometimes I can feel you near... if just in memory... and though I may sound sad and blue... only those who lost can tell... just what it means to lose your love... without a fond farewell.

available by sale or lease for use by public or private users, feed grain terminal facilities and potato storage and centralized packing facilities; (2) \$12,300,000 for bridge and highway improvements; (3) \$2,000,000 for energy conservation improvements in state-owned buildings; (4) \$1,500,000 for development of state park facilities; (5) \$1,000,000 to assist municipalities with solid waste for resource conservation and recovery systems; (6) \$600,000 for equipment replacement for the Maine Public Broadcasting Network.

The question involving \$33,300,000 for agricultural and economic development has attracted the most interest throughout the state. Of these funds \$300,000 are for airport improvements; \$5,000,000, construction and modernization of potato storage and centralized packing facilities; and \$28,000,000 for the construction of port facilities. The port facilities if authorized, could be operated by the State or be made available by sale or lease to public or private users. Presently it is the intention of the State that certain of the port facilities, principally a drydock which would be located in Portland, be made available to the Bath Iron Works.

If all bond issues were approved total debt service would be increased an estimated \$52,335,000 which includes \$50,700,000 in principal and an estimated \$1,635,000 in interest at 10% over a 20 year period.

The three proposed constitutional amendments have the following provisions: (1) Limit the validity of signatures on initiative petitions to one year; (2) Require the members of the State House of Representatives to reside in the district they represent; (3) Decrease the bonding limit of the Maine School Building Authority from \$10,000,000 to \$6,000,000.

NEWS FROM MRS. BOUCHARD'S NURSERY SCHOOL

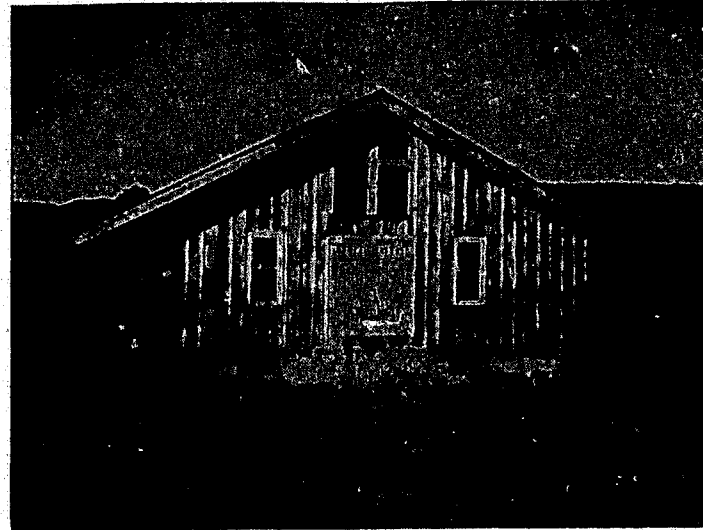

On Wednesday, Oct. 21, Lori Boyce came to observe nursery school. She is in the N.O.V.A. Cooperative Education Program at Telstar Regional High School. Everyone enjoyed meeting her and having her take part in the nursery school program.

Excitement is high this week as the nursery school talks about Halloween. The children have been practicing several songs to sing at the Halloween party. They have also learned what happens when the fall season comes. Pictures were drawn and some children copied letters in sentences about the fall season. They fingerpainted, cut out ghosts, made paper bag pumpkins, printed number two and made spooky spiders. For snacks they made hot chocolate, pizza faces, pear salad, Jack-o-lantern cookies and witches brew.

DEDICATION OF PLEASANT VALLEY BIBLE CHURCH HELD SUNDAY, OCT. 25

Sunday was a triumphant day for all those who have worked and given so much to the Pleasant Valley Bible Church on the Flat Road in West Bethel.

Approximately 250 attended the formal dedication held at 2:30 p.m., with Rev. Eugene Jarvis of Williamina, Ore., the main speaker; Ann Thompson, Winthrop, the organist, and Linda Stowell at the piano.

There was standing room only as members and friends returned for their special occasion. The church was organized on June 10,

1980, with 36 members, with Bert Griffith their pastor.

The uniquely shaped building was designed by Jim Sysko. The chairman of the building committee is Philip Korhonen.

The program consisted of solos by Debbie Luxton and Ellen Lovejoy, a duet by Diane Walker and Dorothy West, and trio, Linda Stowell, Rebecca Imman and Martha McLean.

Assisting in the service were Rev. Dave Larson, Bethel; Rev. Ivan Hatch, South Paris; Rev. Linwood Hanson, Bryant Pond, and Rev. Bill Watt of Auburn. Special flowers were from the Gospel Center. Refreshments were served at the closing.

the fact that there was not full board representation. A citizen did however comment that the Board should consider a system whereby more citizens were aware of the content of the 17-page ordinance. Copies are available by contacting the Town Office.

The Board voted to commit all of the balance of the state aid reconstruction funds to stop-gap improvements on the Intervale Road. The balances are funds left over from two projects on the East Bethel Road and should amount to approximately \$30,000. The Board anticipates that the D.O.T. will return the Cozy Corner to Bean's Corner portion of the road for town maintenance. The road has been a state aid road for several years.

A concealed weapon permit application from James Everett was approved. The Board voted that all new applicants must have a police check prior to the application being submitted to the Board.

The Board approved the recommendations of the former Town Manager for incentive bonuses to all full-time employees. The bonuses were based on employee performance. The incentive program was discussed and agreed upon during the 1981 budget process back in January.

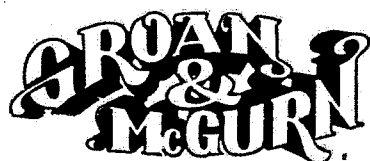

The next meeting of the Board of Selectmen will be on Nov. 9.

TELSTAR PLAYS FIRST NIGHT SOCCER GAME

—DEFEATS MEXICO 8-1

Dave Whitman and Rocky Myers each scored two goals as the Telstar varsity soccer team overpowered Mexico 8-1 in action on Thursday, Oct. 22. The game was played as an exhibition under the lights at Mexico before the largest crowd the Rebels have seen all year.

The Rebels netted four goals in the first period as Rocky Myers countered two and Bruce Barth and Robby James each one. Dave Whitman assisted on Myers' first, Eric Clements on Barth's goal and Chuck Haines on James' counter. Sean Kersey's unassisted goal at 13:48 of the second quarter ended the first half at 5-0.

Gary Broomhall began the scoring in the second half at 11:15 of the third quarter, netting Mexico's lone goal. Thirty-five seconds later Dave Whitman scored the first of his two goals to make it 6-1 after three quarters of play.

Whitman's second goal and Shawn Smith's shot, assisted by Robby James, completed the scoring in the fourth quarter. The Rebels sent 39 shots at the Mexico goal while Mexico answered with six. Brandon Salway stopped three in goal while Mexico goaltender, Ed Provencher, stopped 14. The Rebels ended the regular season with an overall record of 8-11-2.
